

Horizon. Planning with Confidence

Your TwisTorr 305
with a new way to protect your investment.

Horizon is the newest addition to Marketing Programs offered by Agilent Vacuum Products Division.

In today's world, we all need to be careful when spending
or investing money.

Agilent understands how important your investment is,
and offers you a great way to protect it.

It is an innovative Technology Refresh program unique
in the world of Vacuum.

How about a 8-Year Total Coverage for your Turbo Pump?

No Surprises • Convenient Planning
No Risks • New Technology

Here's how it works

- At the time of purchase, you pay a small fee to enroll in the program. This gives you **Total Coverage for the following 4 years.**
- At the end of the 4 years, you have the choice of continuing the program or not. If you decide to quit the program and keep your pump as is, that's OK. No fees.
- Should you decide to stay enrolled in Horizon, Agilent will replace your pump with a new one, and will cover it for **4 additional years**, at a convenient extra.

8 years of coverage

No self-service maintenance:

- no time wasted,
- no risks of breaking the pump.

Always a new pump, always state-of-the-art technology!

4 Years **Total Coverage**

4 **Additional Years**

8 Years of Coverage

Improve your efficiency and focus on your productivity: contact your Sales representative today for more information, or contact our Technical Support at:
